You already know how it is going to end, so even if you don't know the story you already know it.
It's simple: are you going to do the Antigone model thing?
I hope you don't play the role of Ismene.
You, who the fuck will you be?
Let's go out.

"too much fakeness"

"But you are allowed to do whatever you want."

"So where are you from?"

"I'm Bulgarian, we are neighbors."

"I've been to Canada but not that side."

"Properly speaking in our politics, it is not about choosing between two kinds of revolt but abandoning oneself to come closer, of exploring other intensities besides those that are commanded by the temporality of urgency. Come closer. Teardrops must wait."

"the principle that there is a common world of human realities like birth, death, love, language is not yet demolished."

"It is the american guilt, you are poor and when I fuck you I feel guilty."

"But I thought that you liked me."

"Don't make it more complicated."

"It is Southern France with African instruments and it feels like disgustingly beautifully awesome."

"I worked 25 hours the past two days."

"I have a telephone boyfriend and we adopt a child. Love walks in the park."

"Whenever I see your face, you have the face for someone else. I miss your transaction."

"Today there were reports of artillery and mortars being used, scores of residents have gone missing in Syria, many of them from the restive city of Homs and those towns near Damascus."

"In order to comply with the Transportation Security Administration's Flight Secure Program Delta is now collecting additional data for all passengers. This is for use by the Transportation Security Administration only. Learn more."

"You promised me we will do this together."

"Who asked you?"

"I trust you"

"Since when?"
