

Pusher

Techno-Libertarian Realism

Georgie Nettell
Glossary of Balls

Adani Group - Infrastructure and energy conglomerate
 African Rainbow Minerals - Mining and minerals company
 Agility Robotics - Human-centric bipedal robotics company
 Alphabet - Multinational technology company
 Altos Labs - Cellular rejuvenation / longevity Biotech startup
 Amazon Robotics - Automated fulfillment systems design and manufacture
 Anthropic - AI safety and research company
 Apollo Global Management- Asset Management
 Autostore - Automated, cube based grid robot storage and retrieval system
 BGI Group - Genetic sequencing and clinical diagnostics
 BHP Billiton - Diversified mining company
 Binance - Cryptocurrency Exchange
 Blue Origin - Aerospace manufacturer and sub-orbital spaceflight services company
 Broadcom - Semiconductor and enterprise infrastructure software
 BYD - Electric and plug-in hybrid Vehicles
 Cadence Design Systems - Integrated circuits and microchip design tools, IP and hardware

Cerebras - AI computer systems
 China National Nuclear Corporation - China's civilian and military nuclear program
 Cloudwalk - Facial recognition software
 CoreWeave - GPU-accelerated computing infrastructure (cloud provider)
 Cursor - AI Code editor
 D-Wave Quantum computing - Commercially available quantum computer company
 Darktrace - Self learning AI cybersecurity
 Dassault Aviation - Military and business jets manufacture
 Databricks - Data, analytics and AI company
 Deloitte - Global accounting professional services firm
 DJI - Civilian drones and aerial imaging company
 EDGE Group - Autonomous systems, electronic warfare and cyber defense solutions
 Etoro - Multi-asset trading and investment platform
 Foxconn - Electronics manufacturing services
 Freetrade - commission free mobile first investment platform
 Gazprom - Russian majority state-owned multinational energy and natural gas company

Gemini - AI assistant
 GPIC - Ammonia, methanol and urea manufacture and export
 Grok - AI assistant
 GSK - Pharmaceutical / Biotech
 Hewlett Packard - Computers, laptops, printers and enterprise IT solutions
 Ispace - Lunar exploration company
 Israel Aerospace Industries - Israel's largest state-owned aerospace and defense manufacturer
 Jinko Solar - Solar photovoltaic modules and integrated energy storage systems
 Kalshi - Prediction market
 Kaspersky - Cyber security and anti virus provider
 Kawasaki Heavy Industries - Motorcycles, ATVs Aerospace, high speed trains, ships and robots
 L3Harris - Aerospace and defense contractor
 Leonteq - Fintech
 Lockheed Martin - Aerospace, defense and information security corporation
 Merck - Pharmaceuticals, life sciences, vaccines
 Meta - Social media and communications conglomerate

Micron - Computer memory and data storage solutions
 Microsoft - Multinational Technology company
 Moderna - Biotech / vaccines
 Multiverse - Deep-tech quantum AI software
 Munich RE - Worlds largest reinsurer / Political risk insurer
 Netjets - Fractional jet ownership company
 Next Era Energy - Wind and solar energy
 Nord VPN - VPN service, online privacy, data encryption and internet freedom
 Northrop Gunman - Aerospace and defense
 Novo Nordisk - Global healthcare specialising in diabetes and obesity care
 Nvidia - World leading manufacturer of Programmable graphics processing units (GPUs)
 Open AI - AI research and deployment company
 Oracle - Database software, cloud computing and data management
 Palantir - Data integration and AI for government defense and intelligence
 Palmpay - Fintech and digital bank
 PaloAltoNetworks - Cybersecurity

Paradromics - High data rate brain-computer interfaces company
 PDVSA - Venezuela's state owned oil and natural gas company
 Pfizer - Pharmaceutical and biotech
 Pilatus - Business / government military aviation manufacture
 Polygon - Decentralised blockchain development platform and scaling ecosystem
 Raytheon - Defense and aerospace
 Rheinmetall - Automotive components and defense manufacturing conglomerate
 SK Hynix - Semiconductor manufacturer
 Sofi - Personal finance company
 StarCloud - Data centres in space startup
 Suno - Single prompt AI music generation
 Tether - cryptocurrency stablecoin
 TMX Group - financial services company
 Trafigura - world's largest private metal trader and second-largest oil trader
 TSMC - Semiconductor Manufacturing Company
 Uksrpecsystems - Unmanned combat aerial vehicles (military drones) design and manufacture

United Health Group - Multinational healthcare and insurance company
 Unitree - Global high-performance quadrupedal robot industry pioneer
 Voyager Technologies Inc - Aerospace and defense company
 Waymo - Self driving taxi company
 WPP - Communications, advertising, public relations
 XTX markets - Leading algorithmic trading firm
 Zeitgeist P.M - Decentralised prediction market
