don't leave before you go
29.05 – 26.06.26
solo exhibition by Simona Lynn Schnyder

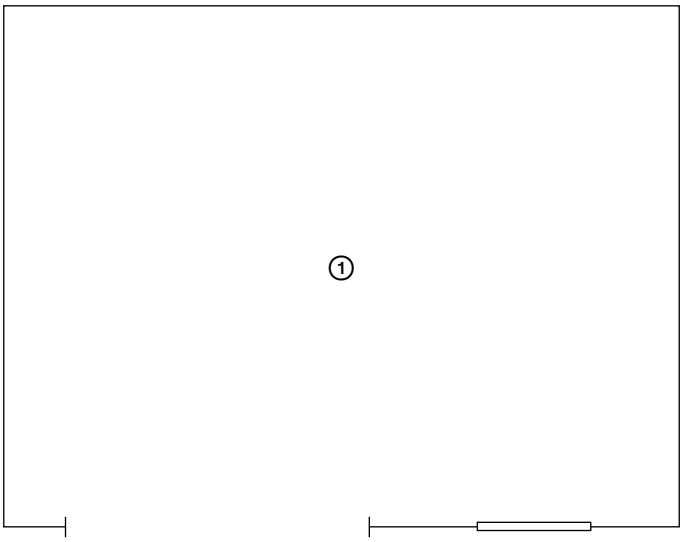

EN Simona Lynn Schnyder's artistic practice lies at the intersection of video, installation, and theatrical writing. Simona is interested in social norms and their inscription into everyday life. The works draw on existing codes and analyze the ways in which structures produce power relations.
The exploration of traditions and dogmas, as well as the question of how these are represented through objects, bodies, and ways of life, plays a central role in Simona's artistic reflections.

don't leave before you go explores the margin between banality and meaning by examining how perception is constructed within our social frameworks. Using symbolically connoted objects, Simona questions how things acquire meaning and how these things become emotionally, politically, or personally charged.

The exhibition subtly displaces familiar orders and opens spaces in which clarity becomes unstable. Between distance and intimacy, a state emerges in which perception itself becomes the subject of the exhibition.

Supported by Pro Helvetia, City of Biel, Canton of Bern
& Burgergemeinde Bern. Thank you!
